## Community Map Checklist

---

Our Gurus work hard to ensure that you receive the highest quality of work as quickly as possible. To help us do this, we'll need the following from you to begin designing your community map.

- Screenshot of community from Google Maps
- Building names/numbers & unit names/numbers to be labeled
- Property amenities to be labeled
- Street names to be labeled
- Architectural plans/blue print (*if available*)
- Previous community map design (*if available*)
- Branding assets that you would like incorporated (logo, colors, fonts, etc.)
- Would you like a legend or key?
- Would you like extra details to be included (cars, grass, trees, directional compass, etc.)?
